

## H.C.R.2024 Bulletin: Day 3 --- Friday, October 4<sup>th</sup>, Cloudy

The H.C.R.2024 is now successfully closed while enjoying a large number of visitors.

Once again, we would like to extend our sincere appreciation to all the parties concerned --- companies and organizations who participated as exhibitors, and those who helped us plan, hold various programs, and supported us in operating this exhibition from the fields of welfare, nursing care, health care, and medical care.

Here is the total number of visitors for the 3 days. (Preliminary figures)

=====

**October 2<sup>nd</sup> (Wed) through October 4<sup>th</sup> (Fri): 120,041 Visitors\***

=====

\* Breakdown of visitors by trade will be promptly reported to you after the exhibition.

[Total for 3 Days]

Date	Weather	# of Visitors	# of Visitors in Total
October 2 (Wed)	Sunny	38,332	120,041
October 3 (Thu)	Cloudy	42,805	
October 4 (Fri)	Cloudy	38,904	

We were able to welcome over 120,000 visitors who had been waiting for the in-person exhibition of H.C.R. New products and new technologies were shown and introduced at exhibitors' booths, and through the Organizer's Programs, we hope that this 3-day exhibition served as a meaningful arena for visitors to "see," "touch," and "try on" the "latest" welfare equipment.

We also feel that we were able to disseminate information that will lead to the future of creative welfare through the implementation of new projects by the organizer such as Step-Up Seminars for the Utilization of Welfare Equipment for professionals, various para-sports experiences, hands-on exhibits of art and design for the disabled, and radio broadcasts.

### **H.C.R.Web2024 continues until November 1<sup>st</sup>!**

You are able to look for the information of exhibitors who are present at the in-person exhibition site as well as those who are only on the web-based exhibition. If you are interested in the products and exhibitors you saw at the in-person exhibition, please follow them up also on the web-based exhibition.

For your information, most of the seminars held during the in-person exhibition will become available as streaming videos on the web-based exhibition as soon as they are ready. Please enjoy watching them.

--- Announcement on the Next Exhibition ---

**The 51<sup>st</sup> International Home Care & Rehabilitation Exhibition H.C.R.2024 & Forum**

**October 8<sup>th</sup> (Wed) through 10<sup>th</sup>(Fri), 2025 @Tokyo Big Sight West & South Exhibition Halls**

We are looking forward to your attendance as visitors and participation as exhibitors!
